A JUNIOR COLLEGE WITH PREPARATORY DEPARTMENT

BIENNIAL CATALOGUE ISSUE

1948-1950

Anderson College is a member of the American Association of Junior Colleges, the Southern Association of Colleges for Women, the Association of Colleges of South Carolina, and is officially accredited by the State Department of Education and the University of South Carolina. Credits are accepted by all standard colleges and universities in South Carolina. Graduates of Anderson College have entered as juniors accredited institutions outside of the state such as Florida State College for Women, the University of Georgia, the University of North Carolina, Westhampton, Barnard College, George Peabody College for Teachers, and Southwest Missouri State Teachers College.

THE ANDERSON COLLEGE IDEAL

"A healthy Christian gentlewoman, doing her work accurately, completely, and happily."

1. *Accuracy in all things.*
2. *Appreciation of the beautiful.*
3. *Courtesy of manner.*
4. *Happiness of spirit.*
5. *Health of body.*
6. *Integrity of character.*
7. *Neighborliness to all.*
8. *Openmindedness to truth.*
9. *Reverence toward the spiritual.*
10. *Service for the good of all.*

The College Ideal as an expression of the spirit of Anderson is held constantly before the minds of the students. Through a number of student and faculty conferences ten objectives were developed for this College Ideal. Methods were worked out by which the objectives might be reached and the Ideal carried over into the lives of individuals.

ANDERSON COLLEGE

HISTORICAL NOTES

1848-1948

Anderson College traces its origin to one of the first institutions ever established for the higher education of women in the United States. This institution was an antebellum academy, the Johnson Female Seminary, opened in the village of Anderson in 1848. It is still well remembered in the City of Anderson, and the names of many of the older families of the community are to be found in surviving classrolls of the old seminary.

During the Civil War, Johnson Female Seminary was forced to close, and subsequently the stress of the times prevented its reopening. But the spirit of educational enterprise lived on in the community, and in time a new generation of men and women arose to carry on where the old institution had left off. The outcome of their efforts was the present Anderson College. Its foundations were laid in 1911, and since its opening in the fall of 1912, it has held a place among the recognized colleges in the state.

The College was founded as a community enterprise, but its builders were not inspired solely by local pride; they felt the need of combatting the influences of materialism and industrialism upon the life of a little town fast becoming modern. Though a community enterprise in its inception, Anderson College soon came under the protection and guidance of the Baptist denomination.

In November, 1919, a mass meeting of citizens instructed a committee to proceed to the South Carolina Baptist Convention in session at Laurens, and to offer the Baptists of South Carolina \$100,000.00 and a beautiful property of thirty-two acres, located on the Boulevard within the city limits. This committee appeared before the Convention at Laurens and in the name of the people of Anderson urged acceptance of the gift. The convention voted unanimously to accept it, and elected trustees.

TRANSITION TO A JUNIOR COLLEGE

Anderson College, which since 1912 functioned as a senior or four-year type college, assumed a new role in the educational program of the state by opening in September, 1930, as a junior college. The decision to reorganize as a junior college was made in 1929, and in that year the change was ratified by the Baptist State Convention. Thus Anderson College became a leader in South Carolina in what is considered one of the most significant developments in American education in this country, the junior college movement.

Some of the advantages of the Junior College may be enumerated:

1. The junior college offers two years of regular college work paralleling that of a standard four-year college or university, thus enabling the student to transfer to the junior year without loss of time or credit.

2. The junior college provides terminal courses, designed to give training on the college level which will prepare the student for a vocation in two years.

3. Some fifty per cent of the students of the four-year college drop out after the freshman and sophomore years. The junior college gives the student an opportunity to complete her studies and receive a diploma.

4. Since administrative officers and instructors show a personal interest in each student and provide individual guidance, the junior college serves to bridge the gap in the abrupt transition from high school to college.

5. Small classes make it possible for the students to come into close contact with the instructors; hence many succeed in the junior college who would fail in a larger institution.

EDUCATIONAL OBJECTIVES

Anderson College was founded as a college for women, and as regards its boarding accommodations it is still exclusively such an institution. After it became a junior college, young men of the city and county of Anderson who desired the advantages of college education in the local community were admitted as day students.

Anderson College has for its aim the rendering of a superior service in the preparation of young women and young men for lives of service in the home, community, and nation. The College has adopted the policy of seeking consecrated Christian teachers, men and women of broad scholarship and culture, who hold up high ideals of conduct.

Curriculum objectives include training in social efficiency, knowledge and practice of laws of health, vocational and avocational guidance, and the development of a rich, varied, and abiding interest in learning. Not alone through a curriculum suited to the varied needs of individual students but through the fostering of spiritual and religious ideals, the development of social life, the emphasis upon a healthy body, and the cultivation of an appreciation of the beautiful are students prepared for lives of service.

PERSONNEL AND GUIDANCE

Adequate personal adjustment for every student is the aim of the junior college. In keeping with this standard, Anderson College maintains a program of Personnel and Guidance.

An orientation program for freshmen is conducted the first week of the fall semester. Students become acquainted with the ideals and aims of the College, the customs and traditions, the physical plant and the social life of the campus and city. Diagnostic tests and inventories are given on aptitudes, subject matter, and personality.

Specific academic counseling is provided for every student. Students choose their advisers from members of the faculty. Each instructor is available as a counselor to all students enrolled in his department.

Case study records are kept for each student. This material consists of general personnel information, scores achieved in placement tests and personality inventories, records of extra-curricular activities and reports relative to academic, vocational and social counseling. Participation in extra-curricular activities and in the cultivation of hobbies is encouraged.

Instructors expect their students to use clear and correct English in all written work of their courses, and due weight is given to this phase of the work in making out grades. Students whose English is unusually defective are assigned remedial work in classes in Basic English.

SOCIAL PROGRAM

The social program is designed to give practical experience in leisure time activities. A student social committee plans and directs a suitable program of events which provides opportunity for wholesome self-expression. With a limited enrollment of resident students, every individual has the chance to participate in some extra-curricular activity. The President and most of the faculty members live in the college dormitories, and the association of the entire group in the social life of the College makes it possible for every student to form many new friendships.

The proximity of other colleges and universities affords Anderson College students the same advantages of participation in social activities which are found in co-educational institutions. Numerous parties, to which students from neighboring colleges are invited, are included in the calendar of events. Throughout the year joint socials with the Clemson cadets are arranged under the supervision of the Dean and the Clemson officials. With the written approval of parents and guardians, students may accept week-end invitations off the campus.

Traditional events which have long been an important part of college life in Anderson are anticipated as Red Letter occasions. To introduce the tradition of hiding the crook the Crook Banquet is given on Hallowe'en. Christmas First Night ushers in the holiday festivities which are climaxed by the Yuletide Vesper Service and

Pageant. Founders Day is appropriately observed on February 14. The May Day festival, given in the campus amphitheatre early in the month of May, is followed by the series of Commencement activities.

STANDING OF THE COLLEGE

Anderson College is officially accredited by the University of South Carolina. Students taking the subjects required by the University of South Carolina or Winthrop College are admitted to full junior standing in these state institutions. The curriculum, faculty, and equipment of Anderson College have been examined and approved by the State Department of Education. The preparatory department is fully accredited by the State Department of Education. The College is a member of the American Association of Junior Colleges. By virtue of these standardizing agencies, students are given full credit by the other colleges and universities of the United States.

PLACEMENT SERVICE

The college placement service is carried on through the office of the Dean. Qualified candidates, completing the two-year course for elementary teachers, are recommended for teaching positions. In spite of the large enrollment in the department of Secretarial Science, the College is unable to meet the many demands made upon it for graduates of this department. Other graduates are placed in the fields of art, church work, journalism, music, nursing, radio, and social service.

GENERAL INFORMATION

LOCATION

Anderson is located in the most favored portion of the Piedmont section, lying in one of the two thermal belts which have been designated by the Federal Government as the most healthful in this country. Ideally situated near the foot of the Blue Ridge Mountains, the city has a climate which is cool in summer, and mild in winter. The College, with its thirty-two acre campus, occupies a commanding elevation, a mile from the center of the city on the Boulevard, which is one of the best residential sections. A bus line runs to the college entrance.

The community of Anderson offers the advantages of a cultured and prosperous people who identify themselves with the institution in a whole-hearted way. The life of the city embodies the best traditions of the South. Anderson College is one of the centers of the community life of the city, all civic movements including it in their programs of co-operation.

Eastern Air Lines provide daily southbound and northbound schedules in and out of Anderson. Paved highways approach Anderson from each of the points of the compass. The cross-state automobile highway running through Anderson is Route 29, and Atlanta is only one hundred and thirty-three miles west on this highway. Beginning with the Arlington Drive in our national capital, Route 29 takes one through the Piedmont section of Virginia into the heart of the Sunny South. Anderson College is thus made accessible to Virginia, North Carolina, Georgia, Alabama, and Florida students.

THE CAMPUS

More than a hundred oak trees grow on the campus which is landscaped in a series of rising terraces, with flower-bordered walks and driveways. Wisteria, dogwood, a rose garden, and formal memorial gardens add to the natural beauty of the grounds. The tennis courts, athletic field, and stone fireplace for roasts and picnics are located on the back campus.

BUILDINGS

The educational plant consists of five modern, steam-heated brick buildings, all connected by colonnades. The buildings include the Administration Building, the East and West Dormitories, Whyte House and the Auditorium and Dining Hall. The President's Home and the Lodge are also on the campus.

Administration Building. Four tall white columns mark the entrance of the Administration Building. It accommodates the offices of the President and Dean, the business office, bookstore, parlors, library, home economics and science laboratories, and many of the classrooms.

West Dormitory. West Dormitory houses the President's apartment and private offices, the studio of the Dean of the School of Music, the infirmary, and faculty and student suites.

West Colonnade joins this dormitory with the Administration Building. The postoffice and a large stone fireplace make this colonnade a center of student activity.

East Dormitory. East Dormitory contains, in addition to faculty and student suites, the art studio, classrooms of the Department of Secretarial Science, music studios, and the gymnasium and recreation room.

Auditorium. The auditorium seats approximately 700 people. The stage is equipped with up-to-date lighting units. Music studios and practice halls are also in the building. Daily Chapel is held in the auditorium. Concerts, recitals, plays, lectures, and operas are presented here.

Dining Room. The dining room is attractive and spacious. Tables seating ten students including a sophomore hostess are used. Once a month the students change tables. In this way it is possible for all students to know each other.

Library. The General Library occupies the center-front portion of the second floor of the Administration Building. There are over seven thousand volumes catalogued according to the Dewey Decimal system. A trained librarian is in charge and student assistants are employed. Instruction in the use of the library is a part of the first year English course. The use of the Anderson Public Library is also extended to the college students.

The Dramatic Loan Library is located in the Dramatic Art studio. This library was granted to the College by Samuel French, play publisher, as a loan library for dramatic groups in Anderson and nearby sections. At present there are about twelve hundred books, consisting of one-act and full length plays, collections of monologues, and dramatic scenes, and other interesting dramatic material. New books are being added to the library all the time.

The Record Library, located in the voice studio in East Dormitory, consists of a varied and extensive collection of records, all of which

were given to the College by Wilton E. Hall. Students and faculty members have the opportunity to hear recordings of the best music of great composers in this listening room.

Whyte House. Whyte House is the home of Radio Stations WAIM and WCAC.

RADIO

Weekly broadcasts are presented from the Anderson radio station, WAIM, whose main studios are located on the Anderson College campus. Student broadcasts are prepared by the classes in radio. The musical programs include selections by the Glee Club, the Motet Choir, and other voice students, as well as organ, piano, and violin numbers. Radio experience is given to students in the Department of Speech, in the Anderson College Players, and in other departmental clubs. The President of the College and faculty members are heard frequently. Certain classrooms and studios are served with radio reception and educational programs may be heard by students and faculty.

HEALTH

The health of the student is considered of primary importance and is under the care of a competent woman physician. Dr. Olga Pruitt, the college physician since the opening of the institution, by her professional efficiency and untiring interest easily wins the confidence of the students. The infirmary is under the immediate charge of a resident nurse. Regular office hours are held for consultation with any student desiring to talk about matters concerning her personal health. All indispositions must be reported at once to the nurse, whether they are of temporary or more serious nature. Colds and headaches and other slight disorders are treated free of charge by the resident nurse. Cases of contagious diseases are isolated. In case of serious illness, the parents or guardian will be notified at once, and should special nursing or hospital service become necessary, the extra expenses must be borne by the parents or guardian. A new modernly equipped eight story annex to the Anderson Memorial Hospital was recently completed.

COMMUNITY LIVING

Rooms. Students live comfortably at Anderson College. Dormitory rooms are *en suite*—two rooms with connecting bath. Four students live in each suite. This arrangement is especially favorable to the development of desirable living and study conditions.

Rooms are assigned to new students in the order in which the applications for admission are received and upon payment of \$10.00 reservation fee.

Furnishings. Each room is furnished with two single beds, a study table, a dresser, two rockers, two straight chairs, and a built-in closet.

Students provide the following: bed linen, blankets, counterpanes, towels, curtains (2 1-2 yards long), laundry bag, and all necessary personal articles.

Students are responsible for the care of their rooms. Rooms are inspected daily at 9:00 A. M.

Damage to furniture, fixtures, or walls is paid for by the students.

Laundry. Arrangements are made whereby students may have their laundry done at a nominal price. Each article should be plainly marked with the student's name.

A pressing room is provided for the use of the students. Students do not use irons in their rooms.

Vacations. Dormitories are closed during Christmas vacation. Students may remain in dormitories during spring vacation, subject to special holiday regulations of the College.

Wardrobe. Only simple, serviceable clothes are in keeping with the atmosphere of Anderson College. Cotton prints and sweaters and skirts are popular for general campus wear. Two or three street dresses and an evening dress meet the social needs. Emphasis in dress is put upon taste and suitability rather than quantity.

Allowance. Parents are asked to supply the students with only a moderate amount of spending money. Extravagant allowances are unnecessary.

Students making bills in the city do so on their own responsibility.

IMPORTANT REGULATIONS

The Dean keeps in close touch with parents and guardians at all times. All instructions in regard to the students, and all permissions should be sent by mail to her office. Parents are urged to study the catalogue and inform themselves about the regulations of the College.

When parents give their daughters permission to visit, or to be visited by any one, such permission should mention the names. Parents are asked not to give permissions to their daughters that conflict with the regulations of the College.

Students are expected to report to the College immediately upon their return to the city from week-end visits and vacations.

If boarding students are allowed to remain in the city or to visit friends during or after commencement, the parents or guardian must give the Dean written notice to this effect, and the student's baggage must be removed from the College. All responsibility on the part of the College ceases when the student leaves.

Students keeping money or jewelry in their rooms do so at their own risk. All money should be deposited in the college bank. Parents are asked to send money to students only by check or postal money order.

Telegrams and telephone messages are subject to the inspection of the Dean.

Students are expected to be on the campus at 6 o'clock every evening. Students leaving the campus after 6 o'clock do so by special permission and are accompanied by chaperons.

Students whose academic work is satisfactory may, with the permission of their parents, spend every week-end at home. Self-help students are limited in their week-end visiting by the requirements of their work.

GOVERNMENT

The administration desires in every possible way to stimulate and encourage self-government—that is to awaken in each girl that individual conscience which is the final dictation in all matters, personal and impersonal. Recognizing, however, the fact that no parent would be willing to send a daughter to college where the administration had no disciplinary power, the Student Government Association acts with the advice and oversight of the Faculty Executive Committee.

WITHDRAWALS

The President of the College is authorized by the Board of Trustees to request the withdrawal of any student whose presence in the College, for reasons of health, conduct, or scholarship, does not meet with the approval of the administration, or whose influence, whether by word or deed, is injurious to other students or to the welfare of the institution.

AUTOMATIC WITHDRAWALS

The whole spirit of Anderson College is to help those most who need most help. It is the untiring policy to encourage students, to enter sympathetically into all matters of particular difficulty, and to deal patiently with freshmen during their period of orientation into college ways of study and recitation. If, however, because of persistent neglect, a student fails to make satisfactory progress, her parents are notified. If, at the end of the first semester, she fails in as many as two of her courses, she is warned by the Dean that her work is unsatisfactory. If she fails in as many as three of her courses, she is placed upon the conditioned list for the second semester. If, at the close of college, she has not passed on as many as fifteen of her semester hours, she is not permitted to return the following year.

RELIGIOUS LIFE

Anderson College is fundamentally and aggressively a Christian institution. It is the aim and purpose of the administration to engage teachers who hold as their justification for living and teaching, the privilege of encouraging and stimulating Christian principles and ideals.

The spiritual atmosphere of the College is marked by a certain definite resolution to keep moral and spiritual values in pre-eminence. Dr. Wilfred T. Grenfell, of Labrador, after visiting Anderson College, wrote back these words to the former President, the late Dr. John E. White:

"I tried to emphasize the message which they told me afterwards you are always standing for—the influence of the living soul as the supreme motive power, as against all and any intellectual attitudes."

Chapel. Devotional exercises are a part of every daily chapel program. They are conducted by local and guest pastors and faculty members.

Baptist Student Union. All the religious organizations are united under a Baptist Student Union, wherein the religious life of the College is organized and directed. The B. S. U. Council consists of the elected officers, and the president of the various religious groups of the College, including the Sunday School, the Y. W. A., and the B. T. U.

Sunday School and Church. Students are expected to attend regularly the Sunday School and church of their choice in the city.

The Young Woman's Auxiliary. In keeping with its ideal, the Young Woman's Auxiliary seeks "to bind together the young women of this College for world-wide service for Christ and unite them with young women of like interest in other colleges throughout the world."

Baptist Training Union. College students take an active part in the Training Union of the First Baptist Church.

Besides the religious activities carried on in the College, the President and faculty members conduct extension work in the state, giving part of their time to filling speaking engagements in churches in cities and towns and in rural communities.

RELIGIOUS EMPHASIS WEEK

A Religious Emphasis Week is set aside each session for a series of religious services. Friends from the city are invited to join with the students and faculty in the worship of chapel and vesper services during this special week. Such leaders as Rev. James A. Bowers, Mrs. Jessie Burrall Eubank, Dr. Garis T. Long, and the local pastors have made Religious Emphasis Week one of the most important occasions of the college year.

INTENSIVE STUDY OF MISSIONS

In addition to the regular curriculum of the Department of Bible an elective course in the study of Missions is conducted under the auspices of the Woman's Missionary Union of South Carolina and its faculty of teachers.

STUDENT ACTIVITIES

STUDENT GOVERNMENT ASSOCIATION

Anderson College students have adopted a careful plan of self-government. Every young woman lives under regulations made by the Student Government Association and approved by the Faculty Executive Committee. Two student councils, the Resident Council and the Town Council, elected by this Association, administer the regulations, and in cooperation with the faculty foster standards of culture, honesty, and efficiency in the college life.

DENMARK SOCIETY

Membership in the Denmark Society is limited to sophomores of outstanding character and achievement. At the end of each year, sophomores who have maintained a high standard of Christian character, a constructive quality of service and leadership, and a maximum degree of individual scholarship are elected by the Faculty Executive Committee to membership in the Denmark Society.

COLLEGIANS AND COLLEGIANNES

Emphasis at Anderson College is placed upon rewarding good conduct rather than penalizing unbecoming behavior. The Collegians and CollegiAnnes are the self-governing members of the Student Government Association who are bound by the Honor System. The qualifications for membership include socially approved conduct, a spirit of willingness to serve, adequacy of scholarship, and willingness to take and to live by the pledge of self-government.

BAPTIST STUDENT UNION

The Baptist Student Union serves as a link between the student and the church. Each year a large number of students move their membership to the local church or come under its watchcare. Through the Ridgecrest Club, money is raised to be used in assisting with the expenses of students at Ridgecrest during B. S. U. week. The College is represented at state and southwide conventions and at the spring retreats. Clemson and Anderson sponsor a joint banquet each spring.

WOMEN'S ATHLETIC ASSOCIATION

The purpose of the Women's Athletic Association is to develop skills in sports which will lead to intelligent and constructive use of leisure time; to promote standards of sportsmanship and to translate health facts into health practices which will function in each individual's program. The W. A. A. sponsors tournaments and competitive games

between the classes in hockey, soccer, volley ball, basketball, baseball, track, tennis, ring tennis, ping-pong, badminton, horseshoe-pitching, shuffleboard, hockey-golf, and archery. Its recreational calendar includes carnivals, parties, bicycling, skating, and supper hikes. A well worked out point system provides a means of awarding letters for participation in athletics.

HONOR SOCIETIES

Phi Theta Kappa. In 1932 the Anderson College chapter, Beta Pi, was granted a national charter by the Grand Council of the Phi Theta Kappa. This junior college honor scholarship society, corresponding to Phi Beta Kappa for four-year colleges, has chapters in numerous accredited junior colleges throughout the United States. A student to be eligible must be within the scholastic upper ten per cent of the students enrolled in the collegiate department.

The International Relations Club. The International Relations Club of Anderson College is a charter member of the Southern Association. Current publications relating to world events are received in the library from the Carnegie Endowment for International Peace. Meetings are held monthly to study and discuss international problems with occasional socials and inter-collegiate gatherings.

Alpha Pi Epsilon. Alpha Pi Epsilon is a national honorary secretarial society for students of secretarial subjects. Its chief purpose is to professionalize the status of the college trained secretary. The society stresses superior achievement in stenography and encourages its members to carry high ideals into business relations. The Sigma Chapter organized at Anderson College in May 1941 is the only chapter of this national organization in South Carolina.

Delta Psi Omega. Delta Psi Omega, national junior college dramatic fraternity, corresponds to Alpha Psi Omega for four-year colleges and has approximately two hundred chapters located in junior colleges all over the United States. Students who have a good scholastic standing are eligible for membership in the organization after they have actively participated in play acting or producing. The membership in any junior college is limited to twelve members.

CLUBS

Town Club. The Town Club is an organization of all off-campus students. Campus and community projects are sponsored from time to time. The Club provides for the recreational activities of the day students. At the close of the year the organization presents a gift to the College.

The Anderson College Glee Club. The Anderson College Glee Club

under the direction of the head of the Voice Department, plays a part in the religious, educational, and social activities of the city as well as in the college life. The Christmas Vesper service is an important feature on the college calendar. In recent years the club has participated in four Gilbert and Sullivan operas, Humperdinck's "Hansel and Gretel," Pergolesi's "The Maid as Mistress," Mozart's "Bastien and Bastienne," and "The Marriage of Figaro."

The Anderson College Players. The Anderson College Players is the college dramatic organization. The membership is made up of students interested in dramatic art, including all phases of play production. At the regular meetings, which occur twice each month, one-act plays and scenes from longer plays are presented. Public performances, composed of one-act plays, long plays, or a variety program, are put on during the year. Recently the following plays were presented by the club: "Charity Begins," "Vivacious Lady," "Smilin' Through," and "Nine Girls."

Commercial Club. All students enrolled in the Department of Secretarial Science are eligible for membership in the Commercial Club. At the monthly meetings varied programs are presented at which the members discuss the opportunities and problems relating to their chosen field. Frequently, outside speakers who have achieved success in the business world are secured for the regular meetings. Social occasions are planned for the students and their friends from neighboring colleges.

Home Economics Club. The Doddridge Home Economics Club has for its aim to help college students who are interested in this field develop initiative, leadership, and professional pride. This club named after the first home economics teacher at Anderson College is affiliated with the American Home Economics Association.

Cosmopolitan Club. Students living outside the state of South Carolina compose the membership of the Cosmopolitan Club. It is a social club, which meets once a month, with students in charge of programs representing their home states. A trip to the mountains or to some nearby place of interest is a part of the yearly program of the organization.

STUDENT PUBLICATIONS

The Yodler. The Yodler is the campus newspaper, published monthly or more frequently, by the students of Anderson College. Writing for the publication affords opportunity for experience to those who are interested in journalism. Each student receives the newspaper, the subscription being included in the student activities fee.

The Columns. The Columns is the yearbook published by the students of Anderson College. It attempts to portray and record in permanent form the varied student interests.

Student Government Handbook. This book is published annually by the Student Government Association. It contains the specific information which students consider essential for orientation and adjustment to life at Anderson College. At the beginning of the college year each student is given a copy of the Handbook and is thereafter held responsible for knowing its contents.

COLLEGE HONORS

College honors are open only to students with good standing and good deportment.

In order to be eligible to *represent the college, or any organization of the college*, a student must not have served restrictions during the year, and she must have made a passing grade in all her classes, at the time of her nomination or election to such office or position, and said passing grade must be maintained throughout her term of office. By failure to meet one of these standards she automatically forfeits her right to continue to hold such position of honor or trust. The Student Government constitution provides that all nominations for offices of trust and honor are subject to the approval of the Faculty Executive Committee. Elections and appointments not complying with the foregoing regulations are null and void. Among positions referred to in this regulation may be mentioned appearance on public programs or functions in major roles, the holding of important offices, and membership on the Student Council.

ALUMNAE ASSOCIATION

Anderson College has an active Alumnae Association with chapters in this and other states. All graduates and former students are eligible to membership in the Association. The purpose of the organization is to keep alive in the hearts of all former Anderson College students a vital love and enthusiasm for their Alma Mater.

The College welcomes its alumnae at any time during the year, and extends a special invitation for class reunions at Commencement. College regulations must be observed upon all such visits.

LECTURES, CONCERTS, AND RECITALS

Through the combined facilities of Anderson College, the city of Anderson, and Clemson College, students have recently enjoyed programs by the following artists and lecturers:

- Dr. George Crane, Psychologist and Lecturer.
- Mr. and Mrs. Crosby Adams, Musicians.
- Mrs. Jessie Burrall Eubank, Religious Educator and Lecturer.
- Gladys Swarthout, Mezzo-Soprano.
- United States Navy Band.
- Fritz Kreisler, Violinist.
- Dr. D. W. Daniel, Dean Emeritus, Clemson College.
- The National Symphony Orchestra, Hans Kindler, Conductor.
- Frances Hall, Pianist.
- Eugene List, Pianist.
- Barter Theatre, "Much Ado About Nothing," "Arms and the Man."
- Mme. Maria Kurenko, Soprano.
- Dr. Hight C. Moore, Author and Editor.
- Rev. James A. Appleby, Director of Field Work, Union Theological Seminary
- Miss Florence Lide, Missionary to China.
- Charles L. Wagner's Opera, "Madame Butterfly."
- Dr. Louie D. Newton, President, Southern Baptist Convention.
- Donald Dame, Metropolitan Tenor.
- Byron Janis, Pianist.
- St. Louis Sinfonietta
- Rose Bampton, Metropolitan Soprano.
- Civic Drama Guild of New York, "Kiss and Tell."
- Lauritz Melchoir, Tenor.

ADMINISTRATION

REQUIREMENTS FOR ADMISSION

The entrance requirements of Anderson College are based upon the recommendation of the Southern Association of Colleges and Secondary Schools, and the State Department of Education. Students will be admitted without examination upon presentation of certificates from accredited high schools showing that they have completed fifteen units of high school work. Entrance examinations are given to graduates of non-accredited high schools and to others unable to qualify for admission by certificate. Candidates who qualify for the South Carolina State High School Certificate by examination are eligible for admission to Anderson College.

PRESCRIBED UNITS FOR ADMISSION

The minimum requirement for admission is the satisfactory completion of a four-year course of not less than fifteen units in a secondary school approved by a recognized accrediting agency. The required fifteen units must include:

1. Three units of English.
2. Three or more units as a Major selected from one of the following groups:
 - a. A classical language.
 - b. A modern language, other than English.
 - c. Social sciences (history, civics, economics, geography, sociology, general business science, commercial law, problems of democracy and citizenship).
 - d. Mathematics.
 - e. Natural sciences (physics, chemistry, botany, zoology, general biology, general science, physiology, physiography).
 - f. Commerce (typewriting, shorthand, bookkeeping, commercial law, and business arithmetic).
3. Two or more units as a Minor selected from a second group listed under 2.
4. Of the required units, three are to be in English, and not fewer than seven from No. 2, groups a-f, including one unit of American History. Any remaining units may be selected from any other subjects accepted by an approved high school for its diploma.

For students electing mathematics in the freshman or sophomore year, mathematics must be selected (one and one-half units in algebra and one unit in plane geometry). These units will not be required of students admitted to the Department of Secretarial Science.

A student who expects to enter a specific college or university after completing her two years of junior college work at Anderson College must be certain that she has the entrance credits required by that specific college or university. The Dean will be glad to check the entrance credits upon request.

CLASSIFICATION OF STUDENTS

A student who has fifteen or more acceptable high school units shall be classified as a freshman, provided such student enrolls for at least twelve hours of college work.

A student who has completed a minimum of twenty-four hours of standard college work and has to her credit fifteen quality points may be classified as a sophomore.

This schedule of classification will be used as a basis for all class and college activities. Official class rolls must be obtained from the office of the Dean before the election of class officers or class representatives.

Post Graduate Students

Each year a number of junior college graduates return for a third year of study in Art, Home Economics, Music, or Secretarial Science. A student may plan a three-year course which will entitle her to both the junior college diploma and a secretarial certificate.

SPECIAL STUDENTS

Mature students, who are not candidates for degrees, may be admitted as special students. A special student is not required to meet regular entrance requirements, but must satisfy the Dean that she is capable of carrying college work.

ADVANCED STANDING

Applicants for advanced standing from other colleges must meet entrance requirements and, unless coming from another college of recognized standing, must be examined in the subjects for which they desire credit.

Students entering from other colleges must present letters of honorable dismissal from the institution last attended, together with official transcripts showing specifically the subjects pursued, the duration of each course, and the grade attained.

GENERAL ACADEMIC REGULATIONS

GRADES

At the end of each semester the grade of each student is sent to the Registrar's office by the instructor, recorded on the permanent records of the College, and a report is sent to the parent or guardian of each student. Parents are earnestly requested to examine these report cards and co-operate in every possible way with the College in order to strengthen points of weakness and deficiency. Parents can render valuable assistance by a hearty sympathetic co-operation.

A, B, C, and D are passing grades; E means conditioned, but with privilege of re-examination. F means failure.

The semester grade represents all the work of the student in the course concerned, including daily recitations, special tests, and the final examination.

REQUIREMENTS FOR HONORS

Any student who maintains an average of 2.50 quality points for each semester hour of credit for her entire course of study shall be granted her diploma *cum laude*; any student who maintains an average of 2.75 quality points for each semester hour of credit for her entire course of study shall be granted her diploma *magna cum laude*; and any student who maintains an average of 2.95 quality points for each semester hour of credit for her entire course of study shall be granted her diploma *summa cum laude*.

The following table shows the number of quality points per semester hour credit for each grade:

| GRADE | | POINTS PER CREDIT |
|-----------------------------|----|-------------------|
| Excellent | A | 3 |
| Good | B | 2 |
| Fair | C | 1 |
| Poor | D | 0 |
| Condition | E | 0 |
| Failure | F | 0 |
| Incomplete | I | 0 |
| Absent from Examination | X | 0 |
| Dropped with a Passing Mark | WP | 0 |
| Dropped with a Failing Mark | WF | 0 |

An average grade of C is necessary for graduation with recommendation. Deficiency in quality points may, in some instances, be removed by repeating courses on which low grades have been made.

EXAMINATIONS

Regular Examinations. All classes are examined at the close of each semester. The examinations do not exceed two hours in duration. In addition to these regular examinations, class tests are conducted at such times as the instructor in charge may see proper.

No student may be exempted from examinations by any teacher, and no teacher may hold an examination out of the scheduled time. All semester examinations must be taken on "blue books," which may be purchased in the college bookstore.

Special Examinations. A sophomore who has any condition on the work of the second semester will be given an opportunity to remove the condition during the first three days of the week following the second semester examination period. For such examination a fee of \$1.00 is paid.

Second Examinations. A condition on a semester's work in any course may be removed at the discretion of the instructor by a second examination at the appointed time for re-examination. If the examination is satisfactory, the grade is raised to a passing grade, but no higher. If the examination is not satisfactory, the student will be required to repeat the subject in class or forfeit the credit. For such examination a fee of \$1.00 is paid.

CLASS ATTENDANCE

Regular and prompt class attendance is expected of all students. The following regulations concerning class attendance are enforced:

1. No student shall receive credit in a course in which she has been absent for more than one-fourth of the time for which the course was scheduled. No student will be admitted to a class after the fourth week of the semester, except in extraordinary cases, when the Dean may admit a student on recommendation of the instructor of the course. Students entering late must make up the work which their classes have already done.

2. All excuses are handled through the office of the Dean. The student must file a report of each absence on the day following the absence. The Dean marks the absence either excused or unexcused and sends it to the instructor. If the instructor receives no report of the absence by the time the student returns to class for the second time after the absence, it is marked unexcused. For each unexcused absence two shall be deducted from the class grade for the semester.

3. No instructor shall excuse any student from attending any class

under any circumstances. All instructors shall be required to keep a record of the daily attendance of their students and to file this record along with each of their grade reports.

4. Parents are asked not to withdraw or detain students from any academic duty, except for reasons approved by the college authorities. Application for special exemptions growing out of emergencies in the family of the student must always be made in advance by the parents to the Dean. All dental work should be attended to before the student enters college or during the regular holidays.

The following excuses for absences are acceptable, under the regulations of the faculty:

a. Illness, certified by the college infirmary, parents, or physician;
b. Marriage or death in the family; c. Leave of absence to represent the college officially, provided the class standing of the student is satisfactory.

5. Instructors report to the Dean all students who have an excessive number of absences which in their opinion seem to lower the efficiency or endanger the grade standing of the student. Following such a report by the instructor, the parents are notified of these absences on a special form printed for that purpose.

6. For an unexcused absence on the day before or after any holiday or on the day of a previously announced test four shall be deducted from the class grade for the semester. Unexcused absences not only carry a reduction in grades, but in accordance with Student Government regulations, inflict three major points for each absence. Three tardies constitute an unexcused absence.

7. The following absences from classes are permitted without penalty:

a. Each student will be allowed to leave the College after her last Friday morning class once each semester. New students should not take a long week-end before the first grades have been recorded. These permissible absences are not intended to extend holidays; they are intended for emergency cases only.

b. Collegians whose average grade for the previous semester is B or above, and who have not failed in any subject, will be allowed to leave the College after the last Friday morning class twice each semester. Two long week-ends should not be taken in the same quarter. These privileges may be withdrawn if the student at the close of any grading period is doing unsatisfactory work. A student will not take a long week-end if by doing so she must miss a class in which she has been absent for the number of times which the class meets a week, except upon recommendation of the instructor.

8. A committee, consisting of the President of the College, the Dean, and one other faculty member, shall constitute the Committee on Absences. This committee will pass on any case requiring special interpretation. All applications for special consideration by the committee shall be made well in advance as absences must be marked excused or unexcused immediately following the return of the student to classes.

9. Any student who is absent from class without excuse for six consecutive days, or who drops her course without permission of the Dean, will by such action forfeit her college standing. After notification by the instructor in charge of the course, the Dean will notify the student that she is dropped from college, and that she may be reinstated only by permission of the Dean, acting with the instructors in charge of the student's courses for the current semester. Any student who withdraws from the College without notifying the President or Dean suspends herself.

ATTENDANCE AT CHAPEL

Attendance at chapel service is required of all students in the College. For each unexcused absence from chapel a quality point will be deducted from the total number of the student's quality points. A student who loses three quality points during one semester may be placed on probation. Such a student will not be considered eligible to represent the College on public programs or functions in major roles or to hold important offices.

REGISTRATION AND CLASSIFICATION

Each student upon arrival at the College should report to the business office where an initial payment is made and a matriculation card, signed by the Treasurer, is secured. Instructions for classification are given by the Dean when the student reports to the auditorium for convocation. The student next reports to a member of the Classification Committee for consultation and arrangement of the course of study. When the complete program of the course of study has been approved, the student is given cards of admission which must be presented to the instructors of the various courses indicated. No student will be admitted to a course who does not present a card of admission. All matriculation cards are left in the office of the Dean.

A regular charge of \$1.00 must be paid at the business office for changes made in courses after the first week of the first semester or after the first day of the second semester, unless change is made on the initiative of the College authorities. No change in registration will be permitted without the approval of the Dean. Students will not be excused from classes dropped until the instructor receives official notice.

A subject dropped after the middle of the semester is recorded as a subject failed if the grade is below passing at the time the subject is dropped.

The College reserves the right to withdraw any course the enrollment of which does not justify its continuance.

REQUIREMENTS FOR GRADUATION

THE ASSOCIATE IN ARTS DIPLOMA

Requirements for graduation with the Associate in Arts Diploma are sixty-four semester hours of college work, including the work required in physical education. A minimum of as many quality points as semester hours credit is required for graduation with recommendation. Credits of students who fail to earn this minimum of quality points will be transferred upon request to another institution but without recommendation.

Candidates for the junior college diploma must complete at least one year's work in Anderson College.

Sixteen hours of recitation work a week are expected of all regular students. The minimum is twelve. For each three-hour literary study taken in addition to the work required for each year a charge of \$28.00 will be made. Credit will not be given for more than nineteen hours of academic work a semester, exclusive of physical education. Only by special permission of the administration may nineteen hours be taken.

In addition to the required courses for the Associate in Arts Diploma, from six to twelve semester hours may be elected in any one or in a combination of the following departments: Art, Dramatic Art, Home Economics, Music, Secretarial Science, and Speech. The number of hours allowed will be determined by the plans for further study.

TEACHERS' CERTIFICATES

Students planning to teach should study carefully the requirements for certification in the state in which they expect to teach. The Dean will be glad to advise students concerning teacher certification. Anderson College offers an Elementary Teachers course which prepares students in two years for teaching in the elementary grades in South Carolina.

Students enrolled in transfer courses and planning to teach after completing a four-year course should take most of the required courses in general education during their freshman and sophomore years. In the teacher education program in South Carolina the following courses are prescribed in the four-year curriculum; English, 12 semester hours; Biological and Physical Sciences, 12 to 16 semester hours; Social Studies, 12 semester hours in at least three fields; Fine Arts, 6 semester hours; Health Education, 3 semester hours; General Mathematics, 3 semester hours.

SUGGESTED CURRICULA

TRANSFER COURSES

The following Transfer Courses have been planned to prepare students, working toward a B. A. or B. S. degree, for transfer to the junior year of four-year colleges or universities. The various outlined courses are so arranged that students may complete the same work in Anderson College that would be completed during the freshman and sophomore years in the senior college or university. Changes may be made as necessary to fit the requirements of the college in which the student contemplates doing advanced study.

I. LIBERAL ARTS COURSE

The Liberal Arts Course may be arranged to parallel the first two years of work leading to the Bachelor of Arts or to the Bachelor of Science degree.

TERMINAL COURSES

Terminal courses are designed to give complete semi-professional preparation in two years; some may carry transfer credit, although they are not planned with that in view. The Terminal Liberal Arts Course is not vocational in nature, but has for its aim to provide preparation for intelligent homemaking and community living.

I. TERMINAL LIBERAL ARTS COURSE

This course, designed to give a broad cultural background, may be elected by students who do not intend to continue their college work beyond the sophomore year. Although a typical program is described, students are free to substitute electives of their choice, with the exception of courses in English, Bible, and Physical Education which are required.

*Students who take Shorthand 1 which meets five times a week will defer Accounting 1 until the sophomore year and will substitute three semester hours of Bible.

IV. TWO-YEAR SECRETARIAL COURSE

The Department of Secretarial Science prepares students for positions such as private secretaries, church or legal secretaries, accountants, receptionists, and office managers. Students may take courses of varying lengths, depending upon the amount of time they can spend in study. Those who can spend two years in college may complete the two-year diploma curriculum and earn junior college diplomas. In addition to the vocational training needed for entrance into the business world, the student is given social and cultural training necessary for business leadership. The Anderson College Placement Service has the record of having placed hundreds of students in good positions during a period of thirty years of experience in training young women for business careers. Students entering with high school training in secretarial subjects may be placed in advanced classes according to ability.

PREPARATORY DEPARTMENT OR HIGH SCHOOL

Anderson College offers four years of high school work. The high school department is fully accredited by the State Department of Education. Upon completion of the college preparatory course the student may enter the freshman class of Anderson College or other colleges or universities.

Students who have completed the eighth grade with good standing are admitted without examination to the first-year class of the high school department. A student who has completed work in an accredited high school may apply for advanced standing. Students who have completed the eighth grade are admitted to the first-year class. Four completed units give second-year classification. Eight completed units give junior class standing. Students are admitted to the senior class upon presentation of a minimum of eleven, preferably twelve, acceptable high school units. If a student lacks only one of the required number of units, she will be given conditioned classification.

A student's yearly schedule consists of four subjects credited as one unit each. Under certain conditions, however, a minimum of three units and a maximum of five are allowed. In addition, physical education is required of all students except those excused by the family or college physician.

Classes in the preparatory department are small; thus teachers are able to give much individual guidance to students in all classes. Students have the opportunity of choosing electives from the special departments, Art, Dramatic Art, Home Economics, Music, Secretarial subjects, and Speech. High school students have the many advantages of living in the college community and of participating in the athletic, social, and club activities.

Requirements for Graduation

For graduation with the high school diploma the following sixteen units are required:

| | |
|----------------------|----------|
| English | 4 units |
| One major | 3 units |
| One minor | 2 units |
| Another minor | 2 units |
| Free electives | 5 units |
| <hr/> | |
| Total | 16 units |

Of the sixteen units required, three units are to be in English, and one unit of American History must be included.

The school reserves the right to withdraw any class for which there are not at least five applicants.

THE SCHOOL OF MUSIC

The School of Music offers courses the aim of which is to lay a foundation of musical knowledge of a two-fold nature; (a) to give students the ability to appreciate music in a general way; (b) to furnish the technical training necessary for the professional practice of music.

As a vocation, music has become one of the most important forms of professional life. As a discipline, as a means of intellectual growth, and as an aid in developing a love for the beautiful, music is being recognized as equal to any of the accepted studies of the college course. Pupils are urged to avail themselves of the unusual facilities here presented for acquiring that symmetrical culture which results from the study of literature and music together.

EQUIPMENT

The Music Department of Anderson College is unusually well equipped. The studios and classrooms, as well as practice rooms, are adequately furnished; the auditorium has excellent acoustic properties and will seat 700 people.

CHORAL TRAINING

Members of the Glee Club have the privilege of careful training in the fundamental principles of choral singing. Correct pronunciation, purity of tone and elasticity of rhythm are stressed. The repertoire includes unaccompanied medieval and modern church music, part songs and secular choruses. Those showing special aptitudes are also given the opportunity of singing in trios, quartets, and other small ensembles. Membership is open to all who pass a satisfactory test.

PREPARATORY DEPARTMENT OF THE SCHOOL OF MUSIC

For the student whose musical education does not fit her to enter the college freshman class, a preparatory course of carefully graded material has been worked out in Piano, Violin, and Voice.

Special attention is given to the formation of correct technic, flexibility being the chief foundation; precision; memorizing and intelligent interpretation.

No special statement can be made as to the length of the preparatory course in Piano, Voice, or Violin, as so much depends upon the talent, industry, and other personal qualities of the individual student.

METHODS OF INSTRUCTION

Instrumental and vocal instruction are given in private, individual half-hour lessons, two each week.

The advantages of class work—emulation and observation—are provided by a series of solo classes and student recitals. The student first participates in informal studio or departmental programs. She then appears in recitals in the chapel. At graduation, she gives a complete program. Thus she sees the work of others, gains experience in public performance, conquers nervousness, and develops poise and control.

Students are required to attend these classes and recitals as part of their regular work, and to take part when their instructors so direct.

DEPARTMENT OF PIANOFORTE

MISS CRONKHITE, MRS. ORR

The course of study in the Pianoforte includes elementary, intermediate, and advanced grades of etudes and compositions required for systematic development in execution and interpretation, both for teaching and artistic performance. Especial attention is paid to the development of a musical tone and a refined and intelligent style of playing. It will be the effort of the teacher to adapt the instruction to the personal needs of the student.

Annual examinations before the Faculty of Music are required of all students taking the regular courses leading to graduation.

An applicant for admission to the freshman year of the Music Major Course will be given a test in fundamental music theory. Textbooks used: Diller's, *First Year Theory Book* and Gaynor's, *Cord Playing at the Piano*. Applicants must be able to play music of the grade of the Little Preludes of Bach, the easier Sonatas of Haydn and Mozart, and compositions by Mendelssohn, Greig, and others. Any conditions in these requirements at entrance, allowed because of unusual ability, must be met by the end of the first semester of the freshman year.

DEPARTMENT OF VOICE

MISS CULYER

The course in voice culture is intended to train and thoroughly equip a pupil for artistic performances and teaching.

The course, as outlined, occupies two years. Special attention is given to breath control, pure tone, diction, poise, and artistic inter-

pretation. Students entering from other colleges will be given credit for the work they have completed, provided they pass a satisfactory test.

Freshman. Attention is given to posture; the development of breath support; relaxation of throat, tongue, and jaw. A study is made of selections from "Master Vocal Exercises" by Horatio Connell, sung on all vowels, with other exercises and standard vocalises. This is supplemented by the study of simple songs.

Sophomore. A more advanced technic is developed in vocal production, diction (Coordination of word and tone) and interpretation. Great emphasis is placed on an even quality, on all vowels throughout the voice. There is a continuation of phonetic study, specializing in Italian (or other foreign language if chosen). Song literature suitable to the particular voice is given.

At the end of each year of study, pupils must pass an examination based upon the work required.

VIOLIN

MR. WEBB VON HASSELN

The method of instruction in this department will vary to meet the requirements of the individual student. It is based chiefly on that of Professor Ottaker Sevcik of the Conservatory of Music in Vienna. It embraces also the principles of Wieniawski, Leopold Auer, and other great teachers, whose resources in solving the intricate and varied problems in violin technics are drawn upon to meet the requirements of the student.

The courses are as follows:

First Year. In this preparatory course Hohmann's *Practical Violin School* is supplemented by exercises from Sevcik's *Opus 6*. The Sevcik system for developing both right and left hands is applied from the very first, and the material arranged in such easy and progressive style that advancement is certain. Easy pieces in the first position are learned.

Second Year. This course for slightly advanced pupils includes: first five positions; Sevcik, *Opus 11*, Book I; studies by Wolfhart, Sitt Kayser and compositions.

PUBLIC SCHOOL MUSIC

Anderson College offers the first two years of Public School Music as outlined. This course is practically identical with the first two

years of the regular course in Piano, Violin, or Voice. In this way the student is prepared to continue work in Public School Music in any college offering a degree in this subject. Changes may be made as necessary to fit the requirements of the college in which the student contemplates doing advanced study.

THEORY DEPARTMENT

Appreciation of Music

The course is designed for non-music majors interested in grade teaching. It includes a survey of public school music with a study and demonstration of materials and methods. Selections from music literature are made familiar through listening in order that appreciation may be developed.

Three hours a week, second semester. Three semester hours credit.

Solfeggio 1

MISS CULYER

This course includes major and minor scales, in all forms, syllable drill on scale and chord forms, sight singing with and without preparation, singing from both treble and bass clefs, and dictation.

Texts: Root, Books I and II; Wedge, *Ear Training and Sight Singing*.

Two hours a week throughout the year. Four semester hours credit.

Solfeggio 2

MISS CULYER

This is a continuation of Solfeggio 1 and is required for the Artist's Diploma.

Texts: Wedge, *Ear Training and Sight Singing*; Damrosch, Gartin, and Gehrkins, *Supplementary Exercises*.

Two hours a week throughout the year. Four semester hours credit.

Harmony 1

MISS CRONKHITE

Scales, intervals and triads, with figured basses and harmonization of melodies, employing the use of triads, dominant, diminished and secondary seventh chords. The course includes practical analysis of chords and modulation in standard compositions.

Texts: Foote and Spalding, *Modern Harmony*; Tappet, *Harmony*.

Three hours a week throughout the year. Six semester hours credit.

History of Music

MISS CRONKHITE

This course presents a general survey of the progress of music from the primitive beginnings to the complicated tonal structures of the present day; and the analysis, discussions and illustrations of all forms of musical compositions by means of phonograph records. Supplementary reading is required.

Text: Finney, *History of Music*.

Reference: Ferguson, *History of Musical Thought*.

Three hours a week throughout the year. Six semester hours credit.

Analysis of Music

MISS CRONKHITE

History of notation, accent (natural and artificial) rhythm, tempo, embellishments, and acoustics and orchestral instruments are studied. The course also includes analysis of song and aria forms, rondos, theme and variations, the sonata forms, the sonata as a whole, and preludes and fugues.

This course may be taken with Harmony 1.

Texts: Elson, *Theory of Music*; Tapper, *Analysis of Form*.

Three hours a week throughout the year. Six semester hours credit.

Music Appreciation

MISS CRONKHITE

This course is designed to train students not only to listen to music more intelligently but to recognize the color of orchestral instruments and to understand how music developed throughout the centuries in choral, instrumental, and orchestral works. As an aid and incentive to music appreciation, advanced music students are given the privilege of listening to broadcasts of the Metropolitan Opera on Saturday afternoons with special study of the score and the librettos as preparation. No tuition fee is charged.

One hour a week throughout the year. Two semester hours credit.

EXPENSES

It is the aim of Anderson College to place the advantages of education within the reach of those whose resources are limited. Since the management makes every effort to keep the expenses as low as is consistent with good service, no unnecessary charges are made. The fees for the college year, exclusive of books, are given below.

Because of the uncertain conditions existing today, the college reserves the right of increasing charges for board during the year should it become necessary.

ROOM RESERVATION FEES

Each application for the reservation of a room must be accompanied by a deposit of \$10.00, which will be credited on the student's fees for the semester. The room fee is not refunded in case of withdrawal from college unless written notice to that effect is submitted to the College prior to August 1.

INCIDENTAL FEES

Extra Subject. For each three-hour literary course taken in addition to the work required for each year a charge of \$28.00 will be made.

Diploma. A diploma fee of \$6.00 and a cap and gown fee of \$2.50 are charged all students applying for a junior college diploma. A fee of \$1.00 is charged students applying for a Secretarial Certificate.

Student Activities. At the beginning of the fall term, all students pay a students activities fee of \$10.00 which includes subscriptions to the following student activities: Student Government Association, Athletic Association, class organizations, the college paper, the year-book, and the Baptist Student Union.

Radio and Electrical Appliances. A fee of \$2.00 a semester must be paid to the College prior to the installation of a radio. A fee of \$1.00 a semester is charged for the use of each lamp or electric bulb in addition to the one furnished each room. If a larger watt than the one furnished is desired, a charge of \$1.00 a year is made. In addition to the above fees, faculty members pay a fee of \$1.00 a semester for each electrical appliance used.

Re-examination, Change of Course, and Transcripts. A fee of \$1.00 is charged for each re-examination. A fee of \$1.00 is charged for changing or dropping a course after the first week of the first semester, or after the first day of the second semester. A transcript fee of \$1.00 will be charged for each copy of record after the first one has been issued.

Post Office. A rental fee of \$1.00 is required of each boarding student for a post office box.

TERMS OF PAYMENT

1. An initial payment of \$160.00 is required of all resident students and \$65.00 of all non-resident students before matriculation.

2 The balance of the first semester's expenses is due and payable November 15th.

3. An initial payment of \$160.00 is required of all resident students and \$65.00 of all non-resident students at the beginning of the second semester before enrollment.

4. The balance of the second semester's expenses is due and payable March 15th.

5. Scholarship credits will be deducted from the November 15th and the March 15th payments.

NOTES RELATING TO EXPENSES

Checks and drafts should be drawn to the order of Anderson College.

This bulletin with its published announcements is to be regarded as equivalent to a contract as to charges between the College and its patrons, and no agent or representative is authorized to promise any different terms of payment except by written consent of the President or Treasurer. No former bulletin or publication shall be regarded as authoritative on rules and rates.

All accounts are payable when due. No student is permitted to attend classes at the beginning of either semester until a deposit has

been made with the Treasurer. No examinations, honorable dismissal, diploma, certificate, or transcript of credits will be given until all accounts with the College have been satisfactorily settled.

Delayed Entrance, Protracted Absence, and Withdrawal from College. Students entering college two weeks late or more, in either semester, will be charged for board and room and for all fees and tuition for the full semester.

Deduction in boarding charges will be made on a pro-rata basis for absence occasioned by sickness, protracted as long as four weeks.

In accordance with the uniform customs of reputable colleges all students are admitted for the entire session or part of the session unexpired at the time of entrance. No reduction or refund will be given for the current quarter, therefore, when a student withdraws, unless, in the opinion of the College Physician, the state of the pupil's health renders such a course necessary.

Pupils who withdraw or who are dismissed for any other cause are liable for the expense to the end of the current quarter. Students not returning after Christmas will be charged in full to the end of the semester.

No refund is made in the case of day students taking special courses only.

Students' Bank. The College does not advance money to students. A students' bank is operated for the convenience of teachers and students. Each student may deposit her spending money and draw it out as needed. Students are advised not to keep money in their rooms. It is recommended that a deposit of \$20.00 be made in the students' bank for books, sheet music, stationery, and other supplies. Except in the case of sisters rooming together, each student is required to buy her own books.

Bookstore. The College maintains a bookstore supplied with textbooks, stationery of all kinds, paper, ink, and miscellaneous supplies. Textbooks are supplied only through the bookstore. Purchases must always be made in cash.

Reductions and Concessions. A reduction of ten per cent is allowed on all charges for tuition and specials, but not on fees and board when two boarding students come from the same home (sisters); provided, however, that both remain in College for the entire semester; that all charges are paid when due, and that neither student holds a free scholarship.

Two day students from the same home are allowed a discount of five per cent on special courses.

Pastors actively engaged in the ministry of the gospel, whose daughters are students, are granted a discount of \$100.000 for the year

if the student is a boarding student, and \$50.00 if a day student. In return the student will be given the privilege to render service in some self-help position requiring not more than an hour a day of time.

Guests. The entertainment of visitors is a privilege granted when convenient to the management, and after permission has been obtained from the Dean, and at the following rates: 40 cents for breakfast, 50 cents for lunch, 75 cents for dinner, and \$1.00 for Sunday or Guest Night dinners. A charge of 50 cents is made for each overnight guest.

Health Service. For students in the infirmary the College furnishes ordinary medicines and dressings, and the services of a nurse and a physician. When special prescriptions are required, these are paid for by the individual student. No extra charge is made for infirmary services as indicated above or for meals served in the infirmary.

Courtesies. There is no student admission charge for lectures and recitals given under college auspices. There is no fee for make-up examinations and quizzes when the student had a legitimate excuse for the absence on the original date, and the instructor was notified in advance by the student or the parents of the student. There is no tuition charge for training in the College Glee Club. Students may enroll in classes in speech and dramatic art without any extra charge. There is no charge for one original transcript.

SCHOLARSHIP AND LOAN FUNDS

The College is in a position to assist each year a number of students by means of scholarships and student self-help arrangements. The following organizations of the First Baptist Church of Anderson give one or more scholarships annually, the amounts being as indicated:

| | |
|--------------------|----------|
| Baraca Class | \$125.00 |
| W. M. S. | 100.00 |

The W. M. U. of the Saluda Association gives two scholarships annually, the value of each being \$100.00.

The Charles S. Sullivan Scholarship endowed for \$5,000.00 was established in 1946 by the four daughters of Mr. and Mrs. Charles S. Sullivan in memory of their parents, Charles Starke and Luta Bewley Sullivan, the income of which is to be used to assist worthy students.

Mrs. W. W. Sullivan makes an annual contribution, known as the Patrick Scholarship, as a memorial to her father. The scholarship is designated for the assistance of a music student, and award is made upon the basis of financial need and musical ability. The value of this scholarship is \$135.00. Mrs. Sullivan also gives an annual contribution known as the W. W. Sullivan Scholarship, as a memorial to her husband. The scholarship is awarded upon the basis of character and financial need. The value of this scholarship is \$135.00.

Mrs. J. Watt Kirkpatrick gives an annual contribution known as the Meeks Scholarship. The value of the scholarship is \$200.00.

STUDENT SELF-HELP

A limited number of students are employed in the dining room, telephone office, library, and various other departments of the College. Compensation depends upon the amount and type of work done, and varies from \$75.00 to \$125.00 annually. Self-help students must take a minimum of nine hours of work each semester in order to receive help the next semester. In order to receive the scholarship the second year, the student should maintain a C average and make application not later than June 1. No self-help employment is available for students in the high school department.

Scholarships are awarded for the year, but credit will be given one-half the first semester and one-half the second. These credits will be deducted from the November 15th and March 15th payments.

Scholarships may be withdrawn from any student proving unsatisfactory in her relations with the College.

BEQUEST

Former students and other friends of Anderson College may wish to provide for the needs of Anderson College in their wills for an amount large or small.

Alma Mater

Dear to our hearts is our Alma Mater,
Loyal and true are we,
Truest devotion till life is ended,
Wholly we pledge to thee.
Tho' from thy halls far away we wander,
Thoughts back to thee will fly;
And tender mem'ries time cannot sever,
Love that will never die.

Heav'n's choicest blessings ever attend thee,
Dear Alma Mater mine—
No shadows harm thee, no fears alarm thee,
Always the sunshine thine.
And tho' we leave thee, we'll never grieve thee
True to our trust we'll be,
Our best endeavor, now and forever,
Always to honor thee.
